

EAST GREENLAND EXPLORER FLY & CRUISE

Embark on an unforgettable adventure with a Greenland cruise, where you'll explore the stunning Scoresby Sund fjord system with a small group of just 12 guests. The expedition commences with a charter flight from Iceland to East Greenland. Witness the majesty of towering icebergs and untouched landscapes as you sail through steep-sided fjords. With two expert guides and only 12 guests, you'll have the opportunity to make shore landings and immerse yourself in the pristine wilderness. Don't miss out on this intrepid expedition of a lifetime.

ITINERARY

Day 1 Join MV Vikingfjord in Greenland

The journey begins with a private charter flight from Reykjavik, Iceland to the remote landing strip at Constable Point within Scoresby Sund. Upon arrival, the friendly crew of MV Vikingfjord will greet you and transport you via Zodiac to the ship. After a safety briefing from the captain, get ready to set sail into the breathtaking wilderness of Greenland. Get ready for an experience of a lifetime!

Days 2-4 Exploring Scoresby Sund

Viking Bay & Danmark Island Embark on a breathtaking journey along the Volquart Boons Coast in Greenland, where you'll witness one glacier after another for miles. As you sail west, you'll come across the impressive basalt columns of Viking Bay, where you can take a zodiac cruise at the foot of the towering cliffs. Nearby, Danmark Ø offers a glimpse into the ancient Inuit settlement with well-preserved archeological sites of their winter and summer houses. Take a closer look at the vast glacier front and disembark for a hike to truly immerse yourself in the beauty of Greenland.

Days 4-7 Exploring Scoresby Sund

Røde Fjord & Hare Fjord As you navigate through a maze of towering icebergs, you'll have the opportunity to explore some of the smaller branches of the fjord system, including Røde Fjord and Hare Fjord. If you're lucky, you might even get to visit Røde Ø, the Red Island, with its striking red sandstone formations that resemble the surface of the planet Mars. Get ready for an unforgettable journey through one of the most breathtaking landscapes on Earth. Ø Fjord & Sydkap Witness the awe-inspiring Ø Fjord, one of the world's most impressive fjords. This 74 km long strait is surrounded by towering mountains and tranquil waters filled with colossal icebergs. As you sail through Scoresby Sund, you'll be mesmerized by the sight of these ice giants, some of which are anchored to the seabed, creating a surreal and otherworldly atmosphere.

Day 8 Ittoqqortoormiit & Flight Home

Before we disembark we will visit the remote settlement of Ittoqqortoormiit. This small community of only 400 Greenlandic people is isolated by sea ice for much of the year, making it a truly unique destination. As the expedition comes to a close, our

crew will transport you to the landing strip for a charter flight back to Iceland.

Please Note:

Please note that this itinerary is subject to change based on weather and ice conditions in the fjord, but our experienced expedition team will ensure that you have the opportunity to see as much as possible during your voyage.
