

EXPEDITION TO THE THULE REGION - CRUISE ALONG THE COASTLINE OF BAFFIN BAY

Explore the wild coastlines of Baffin Bay and the mythical region of Thule, at the heart of the Far North. As you sail along, you will discover spectacular polar landscapes, including mountains shaped by glaciers, broken-up ice floes and brash ice, and endless tundra where you could be lucky enough to spot polar bears. Not to mention the majestic, UNESCO-listed Disko Bay, renowned for the largest icebergs in the Northern Hemisphere. But the essence of this journey lies in meeting the Inuit communities of Greenland and Canada and experiencing authentic, unforgettable moments as they share with you their ancestral way of life, underpinned by resilience and wisdom.

ITINERARY

Day 1 Kangerlussuaq

From 1941 to 1992, the town of Kangerlussuaq in Greenland was home to an American military base. Nowadays, thanks to its international airport, it has become a transit point for travellers seeking adventure in the Far North. Located to the north of the Arctic Circle, this town is the starting point of magnificent discoveries surrounded by unspoiled nature. Indeed, just a few dozen kilometres from there it is possible to get close to the Greenland ice sheet, the largest body of ice in the Northern Hemisphere. From Kangerlussuaq, admire also the superb landscapes of tundra in autumnal colours, where Arctic hares, musk oxen, Arctic foxes, reindeer, falcons and eagles live.

Day 2 Sisimiut

During your cruise, we invite you to discover Sisimiut, founded in 1756 and the second largest town in Greenland. This small town is typical of Greenland, boasting bewitching panoramas: here and there, colourful stilt houses dot the undulating landscape, and the small fishing port stands as the gateway to an icy realm. As for the town centre, it is home to a number of historic buildings, a small church and a museum which retraces the history of the Inuit people, as well as many craft shops. When your ship drops anchor here, you will set out to meet the locals in a typically arctic atmosphere.

Day 3 Disko Bay

To the east of Baffin Bay, discover Disko Bay, scattered with countless icebergs produced by the Ilulissat Icefjord, a UNESCO World Heritage Site. From your ship, admire the majestic ballet of these ice giants as they slowly drift across the dark waters. This site is a natural marvel of Greenland, and is also renowned as an observation point for the region's many humpback whales. The encounters with wild fauna and stunning landscapes in the heart of this spectacular and fragile nature will be pure moments of wonder for you.

Day 4 Paul-Émile Victor Base Camp, Eqi Glacier

"The most beautiful place in the Arctic" is how Paul-Émile Victor described Greenland, a land of great icebergs and of towering ice formations calved by the giant glaciers of the polar ice cap. The Eqi Glacier is one of the region's most impressive sights. Here, the silence is broken only by the roaring and cracking of the ice. It is impossible to know if one is shivering from cold or from the sheer thrill of being here... Imagine the vast outline of a glacier, its translucent crystals glowing with an ice-blue fire in the sunlight. Paul-Émile Victor's shelter cannot be overlooked; it

was from here that the French Polar Expeditions' anthropological and geographic explorations set off in the 1950s.

Day 5 Akulleq

In the curve of Uummannaq Bay, opposite a narrow passage between two islands, you will discover the moonscape of the small desert island of Akulleq. The ochre yellow and orange of this mineral site look ablaze under the sunshine of the polar summer. From the island's summit you will be able to contemplate a panoramic view of the bay's magical landscape and its huge icebergs with surprising shapes.

Day 6 Kullorsuaq

Well beyond the Arctic Circle, in the majestic landscapes of Greenland's Northwest, you will find the village of Kullorsuaq, the last bastion of Greenland's traditional hunters. Here is where you will find Greenland's true character... Vast mineral expanses, sumptuous mountains, impressive glaciers and, above all, the local population which still lives off fishing and seal or bear hunting. Hospitality and respect for nature are essential elements in the daily lives of these men, who live an austere life. When we drop anchor in this remote part of the world, set off to discover these friendly people who are also talented craftsmen, deftly sewing the furs and skins of marine mammals. This will be a unique and authentic experience.

Day 7 Savissivik

Some places in this world are so magical that their beauty cannot be described in words... Savissivik, a small Inuit village with less than a hundred inhabitants, is one such place. Rightly considered to be the biggest iceberg graveyard in Greenland, it is a stunning sight to behold. During your zodiac outing, you will sail between these icy giants. Once on land, you can hike to a

viewpoint from which to enjoy breathtaking views over these icebergs, which come in an incredibly diverse range of shapes and colours. Photographers will love it. Savissvik Bay attracts many bears and is also known for having been the home of one of the world's biggest meteorites, but the latter has now been moved to a museum in New York.

Days 8 - 9 Thule Region

Thule, the region located to the northwest of Greenland, is the mythical name used to designate the Far North. The presence of many drifting icebergs calved from the glaciers of Greenland and sheets of ice floe can make sailing tricky - but spectacular - in this region. You will attempt to sail as far north as possible and if you are lucky enough you will perhaps observe one of the many polar bears that roam this favourable environment. You'll perhaps visit traditional villages such as Dundas ("old Thule") and Siorapaluk, Greenland's northernmost native settlement, where you will probably be greeted by a joyous group of children, who are always happy to welcome visitors.

Day 10 At sea

During your journey at sea, make the most of the many services and activities on board. Treat yourself to a moment of relaxation in the spa or stay in shape in the fitness centre. Depending on the season, let yourself be tempted by the swimming pool or a spot of sunbathing. This journey without a port of call will also be an opportunity to enjoy the conferences or shows proposed on board, depending on the activities offered, or to do some shopping in the boutique or to meet the PONANT photographers in their dedicated space. As for lovers of the open sea, they will be able to visit the ship's upper deck to admire the spectacle of the waves and perhaps be lucky enough to observe marine species. A truly enchanted interlude, combining comfort, rest

and entertainment.

Day 11 Pond Inlet, Nunavut

On Baffin Island, located in northern Canada at the mouth of the famous NorthWest Passage, there is a small Inuit settlement at the very bounds of infinity. To get there, cross the Arctic Circle, the imaginary line that separates man from lands of mystery and wonder. It's not so much the way of life that sets Pond Inlet's inhabitants apart, so much as the setting. Snow-capped mountains, fjords and glaciers combine in a dazzling natural environment that fills space and expands time. Some discoveries change you forever: this is one of them.

Day 12 Baffin Fjords exploration

In Canada's Far North, the Baffin Fjords region reveals a unique natural spectacle. Massive cliffs rise over 1,000 meters, plunging steeply into the crystal-clear waters of the Baffin Sea. These spectacular geological formations, carved by time, reveal a wild and pristine landscape. When the ice melts, Nunavut becomes an exceptional place to observe Arctic wildlife. Set out in search of the polar bear seeking the coolness of the permafrost. On the water's surface, discover the enchanting dance of narwhals and orcas, while in the sky, northern fulmars and other seabird species glide with striking elegance.

Days 13 - 14 At sea

During your journey at sea, make the most of the many services and activities on board. Treat yourself to a moment of relaxation in the spa or stay in shape in the fitness centre. Depending on the season, let yourself be tempted by the swimming pool or a spot of sunbathing. This journey without a port of call will also be an opportunity to enjoy the conferences or shows proposed on board, depending on the activities offered, or to do some

shopping in the boutique or to meet the PONANT photographers in their dedicated space. As for lovers of the open sea, they will be able to visit the ship's upper deck to admire the spectacle of the waves and perhaps be lucky enough to observe marine species. A truly enchanted interlude, combining comfort, rest and entertainment.

Day 15 Nuuk

When Erik Le Rouge, the exiled Norse chief, landed on the coast of Nuuk, he found a fertile and welcoming land dotted with fjords. He settled there with a group of his former countrymen, and the Norse remained the principal inhabitants until, over a period of 500 years, their population declined and gave way to the Inuit. Nuuk is situated at the mouth of one of the largest networks of fjords in the world, where the waters never freeze. The town spreads gently out towards the Davis Strait and enjoys an historic center that is particularly rich in national heritage. The vivid reds, blues, greens and yellows of the houses are a lively contrast to the somber waters of Greenland and serve to lift the spirits of the locals during the Winter months.

Day 16 Evighedsfjorden

Your ship glides slowly along the water towards the west coast of Greenland, to enter Evighedsfjorden, just a few kilometres south of Kangerlussuaq. Evighedsfjorden means "the fjord of Eternity", and for good reason: just when you think you've reached the end of this stretch of sea measuring over 100 kilometres in length, it seems to go on forever, as though to bring even more pleasure to those sailing in it. The spectacular scenery ranges from glaciers to tundra with an abundant flora, and jagged cliffs where numerous bird species have taken up residence. Take the time to observe the white-tailed eagles and the colonies of seagulls and black-legged kittiwakes flying overhead in the area.

Day 17 Kangerlussuaq

From 1941 to 1992, the town of Kangerlussuaq in Greenland was home to an American military base. Nowadays, thanks to its international airport, it has become a transit point for travellers seeking adventure in the Far North. Located to the north of the Arctic Circle, this town is the starting point of magnificent discoveries surrounded by unspoiled nature. Indeed, just a few dozen kilometres from there it is possible to get close to the Greenland ice sheet, the largest body of ice in the Northern Hemisphere. From Kangerlussuaq, admire also the superb landscapes of tundra in autumnal colours, where Arctic hares, musk oxen, Arctic foxes, reindeer, falcons and eagles live.

Please note:

We are privileged guests in these remote lands where we are at the mercy of weather, ice, tidal and current conditions. Landings on certain sites and the observation of certain wildlife cannot be guaranteed. They vary from day to day, making each PONANT cruise a unique experience. The Captain and the Expedition Leader will make every effort to ensure that your experience is as rich as possible, while complying with the safety rules and instructions imposed by the AECO.
