

SCOTLAND'S WILD ISLES: SHETLANDS, ORKNEYS AND INNER HEBRIDES CRUISE

Set out on an unforgettable expedition along Scotland's rugged coasts aboard National Geographic Endurance. From the Isle of Skye and its picturesque villages to the dramatic landscapes of the remote Shetland and Orkney Islands, delve into vivid histories and stunning scenery aboard this intimate, 8-day voyage. Discover archaeological sites steeped in ancient mythology. Explore medieval castles, Viking ruins, and early Christian sites. Beyond Scotland, encounter significant seabird colonies on Northern Ireland's Rathlin Island. Experience the thrill of true exploration as you spend days charting courses, by Zodiac and on foot, based on the expertise of your expedition leaders, naturalists, and local guides.

ITINERARY

Day 1 Dublin, Ireland / Embark Ship

Arrive in Dublin and transfer from the airport to the city center. More living museum than city, traces of Dublin's past are on display at every turn with medieval castles, cathedrals and one of the oldest universities in Europe: Trinity College. Experience the city at your own pace before embarking the ship this afternoon.

Meals Included: Lunch, Dinner

Day 2 Rathlin Island, Northern Ireland

Start your expedition on Rathlin Island, home to Northern Ireland's largest puffin colony, as well as thousands of seabirds

including guillemots, razorbills, kittiwakes and fulmars. Visit the Rathlin West Light, the "upside down lighthouse" built between 1912-1917. It is in a cave on Rathlin Island that Robert the Bruce, the famous Scottish King, is said to have taken refuge during a fight against the English in 1306, and where he was inspired to keep up the struggle for Scottish independence.

Meals Included: Breakfast, Lunch, Dinner

Days 3-4 Isle of Skye, Scotland / Loch Ewe

Sail through the Sea of the Hebrides to the Isle of Skye, known for its rugged landscapes, picturesque fishing villages and medieval castles. Enjoy an expedition day along its coast, exploring inlets and villages that this region is known for--and possibly a wee dram of the local libations.

The next day, move further up the coast to Loch Ewe, inhabited over the centuries by crofting villages and used as a gathering point for maritime trade and military convoys. Today, one of the best known highlights of the loch is Inverewe Gardens, initially curated by a private land owner and currently managed by the National Trust of Scotland. Enjoy a relaxed morning amongst the broad collection of flora while keeping an eye out for the Scottish Big Five of red squirrel, red deer, otter, seal and golden eagle.

Meals Included: Breakfast, Lunch, Dinner

Days 5-7 Shetland and Orkney Islands

Rounding the most northern region of the United Kingdom, spend the next three days winding your way south through the

Shetland and Orkney Islands. The Shetland Islands are comprised of 16 individual islands and offer the chance to delve into their Viking and Norwegian roots, as well as their farming cultural on the edge of the ocean.

The Orkney Islands offer their own highlights, including the capital of Kirkwall and the famed harbor of Scapa Flow. Your expedition team will make the most of these days by calling at remote piers and beaches by Zodiac. Explore ancient brochs overlooking the North Sea and hike across island trails.

Meals Included: Breakfast, Lunch, Dinner

Day 8 Edinburgh / Disembark Ship

Disembark in Edinburgh and transfer to the airport for flights home.

Meals Included: Breakfast

Itineraries are subject to change.

YOUR SHIP: NATIONAL GEOGRAPHIC ENDURANCE

YOUR SHIP: National Geographic Endurance

VESSEL TYPE: Expedition Ship

LENGTH:

PASSENGER CAPACITY: 126

BUILT/REFURBISHED: 2018

A next-generation expedition ship, purpose-built for polar navigation. National Geographic Endurance is a next-generation expedition ship, purpose-built for polar navigation. A fully stabilized, highly strengthened, ice-class Polar Code PC5 (Category A) vessel, it is designed to navigate polar passages year-round, and safely explore unchartered waters, while providing exceptional comfort. Its patented X-BOW® is key to its design; its powerful wave-slicing action provides an extremely smooth ride in even adverse conditions, and even reduces spray on deck, for superior observation. She carries a full suite of expedition tools and offers a variety of experience-enhancing amenities. The luxury of comfort on expedition National Geographic Endurance comfortably accommodates 126 guests in 69 outside-facing cabins. Cabins are efficiently designed, with sizes range from the 140-square-foot solo cabin to the 430-square-foot category 7 suite. Fifty-three of the 69 cabins, including all 12 of the solo cabins, will feature small balconies with floor-to-ceiling sliding doors that bring in the spectacular views and ample natural light. Comfort & convenience in every room Every cabin has two portholes, a large window or balcony, and temperature controls. Bathrooms are modern and stocked

with botanically inspired hair products, soap, and shower gel, plus a hairdryer. Cabins are equipped with expedition command centers with tablets and USB/mobile device docking, TVs, Wi-Fi connections, and hair dryers. Dining: Food served aboard is fresh, local, and delicious, and sourced from suppliers who share our values of sustainable use whenever possible. Meals aboard are almost always served in the dining room, located aft of the lounge deck. When weather conditions allow, lighter fare may be served on the observation deck. There is no assigned seating and our dining room accommodates the entire expedition community in a single seating. During meals your expedition leader, naturalists, and any guest speakers aboard will join you. Public Areas: Two restaurants, a Chef's Table for small group dining, Observation Lounge with bar, gym, Wellness area, infinity-style outdoor hot tubs, library, main lounge with full service bar, 24-hour beverage, state-of-the-art facilities for films, slideshows and presentations, and a photo workshop area; plus, an expedition base with lockers for expedition gear, and an "open bridge" for access to our captain, officers and the art of navigation. Meals: Two restaurants, featuring local, sustainable choices and unassigned seating for flexible, inclusive dining; plus a Chef's table for intimate, small group dining. Main restaurant has 270° views, and the Observation deck restaurant features lighter, made-to-order fare. Cabins: All cabins face outside with large windows, private facilities and climate controls. 53 cabins have balconies. Cabins are equipped with expedition command centers with tablets and USB/mobile device docking, TVs, Wi-Fi connections, and hair dryers. Expedition Tools: Zodiac landing craft, kayaks,

snowshoes, cross-country skis, undersea specialist operating a remotely Operated Vehicle (ROV) and underwater video camera for unique access to polar marine world, hydrophone, aerial remote-controlled camera and video microscope. Special Features: A full-time doctor, undersea specialist, National Lindblad-National Geographic photographer, Geographic certified photo instructor and video chronicler, an internet cafe and laundry. Wellness: The vessel is staffed by our wellness specialists and features a glass-enclosed yoga studio, gym, treatment rooms and spa relax area, and high- and low-heat saunas with ocean views. Expedition Landing Craft: Key to our operation is our fleet of expedition landing craft, which we use to land in places that would otherwise be inaccessible. With 8 of these boats and two loading stations used every time we disembark, we're able to transfer guests off the ship quickly, so you can be out on adventures, not idly waiting. The expedition landing craft we use are 19 feet long, powered by four-stroke outboard engines, and are capable of comfortably carrying 10-12 people. They are widely recognized as the safest and most versatile small boats afloat. Remotely Operated Vehicle: Capable of reaching 1,000 feet, far beyond the range of any Scuba diver, the ROV allows you to literally view parts of the undersea that are as unexplored as the moon. Chances are you, like many of our guests, will be struck by how surprisingly colorful undersea life is in these unlikely places. And this glimpse may fundamentally change how you view the ocean. Kayaks: National Geographic Endurance will be equipped with a fleet of kayaks large enough to ensure everyone who wants to can paddle at every opportunity. Consequently, prior kayaking experience isn't necessary--many of our guests have their first kayaking experience in extraordinary locations. custom-designed floating platform lets us deploy kayaks from

the ship, or any location we want--including far from shore. Kayakers are usually free to explore where they want within boundaries set by the undersea specialist and officer of the watch. Underwater camera: Our undersea specialist will dive often during your expedition, even in Alaska, with cold-water gear, to shoot high-definition, Cousteau-like footage of the deep. Colorful nudibranchs, swimming, plant-like crinoids, and mysterious fish with antifreeze blood that thrive in the frigid sea will give you an entirely new appreciation of the marine environment. Video microscope: Naturalists will use the video microscope to help explain all elements of the environment, including tiny organisms that are the building block of the marine ecosystem. Spellbinding live views of krill at 80x magnification fills the high-definition screens in the lounge with vivid detail, and fills every onlooker with a sense of wonder at importance of otherwise unobservable creatures. Hydrophone: This underwater microphone is deployed to listen to the vocalizations of marine mammals. Real time transmissions of their eerie, haunting sounds can be broadcast through the ship or recorded for later playback. Few experiences in nature are as captivating as watching humpback whales feed close to the ship as their vocalizations play through the ship's PA system. Electronic charts: An electronic chart showing the ship's location, course, and speed is almost always on display in the lounge. Open bridge: You'll find our captains are engaged, knowledgeable members of your expedition who are eager to share their passion with you. Venture's open bridge features comfortable spaces to sit, enjoy the view, drink your morning coffee, or simply chat with the officers. Snorkeling gear & wetsuits: On warm weather itineraries where there will be snorkeling, you'll select a mask, snorkel, fins, and wetsuit that remain yours for the duration of the expedition. There's no need

to pack and tote your own gear, although guests who prefer to are welcome to bring

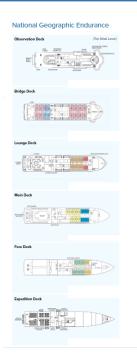

their own.
