

SVALBARD EXPEDITION CRUISE

Journey to the icy edge on our northern-most expedition Svalbard translates to the 'cold edge' in old Norse and is the perfect place to experience polar bears, pack ice and Arctic history among jagged peaks and glaciated terrain. Whether you are a sea kayaker or cruiser, the Svalbard archipelago is a must-visit destination. All guests on our Svalbard Expedition Cruise can expect to enjoy at least two outings per day cruising in zodiacs, exploring a series of wonderful landing sites in a small group and soaking up the surroundings ashore. We have an exceptional team of passionate polar experts to help you enjoy and understand the region's wildlife, geology, flora and history onboard and while out adventuring. For those looking to add to their adventure, we have a range of optional activity packages outlined below.

ITINERARY

DAY 1 Longyearbyen

Arrive in Longyearbyen and transfer to our hotel.

DAYS 2-9 Expedition Svalbard

Explore Longyearbyen independently before joining your group for lunch. In the afternoon, embark on the expedition ship to sail through Isfjorden, marking the start of our Arctic adventure. Our journey is governed by ice, weather, and wildlife encounters,

influencing our daily plans. We aim for daily Zodiac cruises and shore landings, with potential visits to select locations based on these conditions.

DAY 10 Disembarkation

Disembark from expedition ship early and begin our journey back home.

Please note:

Itineraries are subject to change.

YOUR SHIP: QUEST

YOUR SHIP:	Quest
VESSEL TYPE:	Expedition
LENGTH:	
PASSENGER CAPACITY:	
BUILT/REFURBISHED:	

M/S Quest was built in Denmark in 1992 to serve as a ferry on Greenland`s west-coast. In 2004/2005 she was redesigned as an expedition ship and has now a career as a small and comfortable expedition vessel. She was extensively renovated in 2018. Quest takes 53 passengers in 26 cabins, all with sea-view and private facilities. The triple cabins on deck 3 have upper and lower berths. All other cabins have two lower berths or a double bed. In your cabin you also find a desk with chair and ample storage space for clothes and equipment. The superior cabins on deck 3 and 4 are spacious and have a separate sitting area and TV/DVD. The Owner`s cabin, next to the Captain`s cabin, on deck 4 has a double bed, two large picture windows, a sitting area and TV/DVD. In the dining room you are treated to delicious meals in between landings and in the panorama lounge you can enjoy a breathtaking view of the surrounding polar landscape. Here you can listen to entertaining lectures on the area`s flora, fauna, history and glaciology. In the lounge you also find a well-stocked bar and a small library. The ship has spacious observation decks where you can enjoy the beautiful vistas and search for seabirds, whales and polar bears. The ship has a European Captain and there is a friendly

and informal atmosphere on board. Travelling with this small expedition ship offers an entirely different experience and perspective than you get on a larger and more conventional cruise ship. It is always possible to share a cabin on board M/S Quest. All cabins have windows and private

facilities.
